

MIMS Student Self-Service Password Reset Service

Perform a one-time set up of answers to challenge questions in your MIMS Portal to enable student self-service password reset when required.

1. What is MIMS used for?

Your MIMS account gives you access to your SSOE **school laptops**, school accounts like **Student iCON**, **Student Learning Space**, etc. If you forget your MIMS password, you would not be able to access these accounts.

2. What is this about?

- Currently, you would have to approach your Form Teachers or MIMS Student Administrator to perform a password reset for you. However, this is inconvenient and the process is not immediate.
- With the **MIMS Student Self-Service Password Reset Service**, you would be able to perform the password reset **yourself** if you forget your password.

3. How do I enable this?

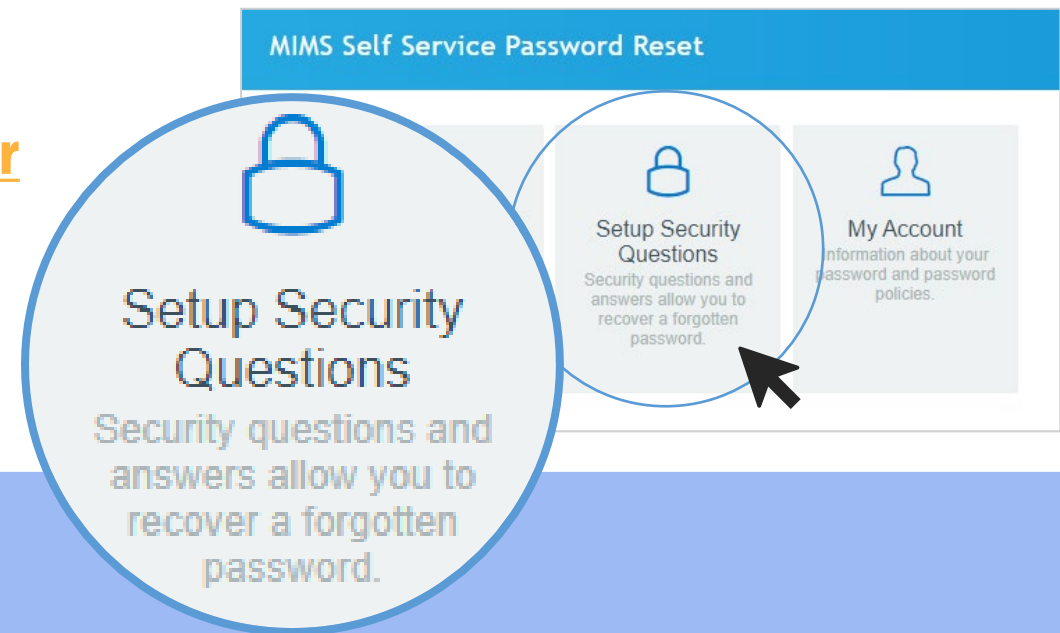

You will need to perform a **one-time set up of answers to challenge questions** in your MIMS Portal to enable student self-service password reset when required.
